Pop-Up Blocker Tutorial

Select your internet browser from the list for instructions on how to disable the pop-up blocker:

Microsoft Edge

Google Chrome

Firefox

Safari

Microsoft Edge

1. Click the **Gear** button in the upper right corner. In the dropdown menu select **Internet options**.

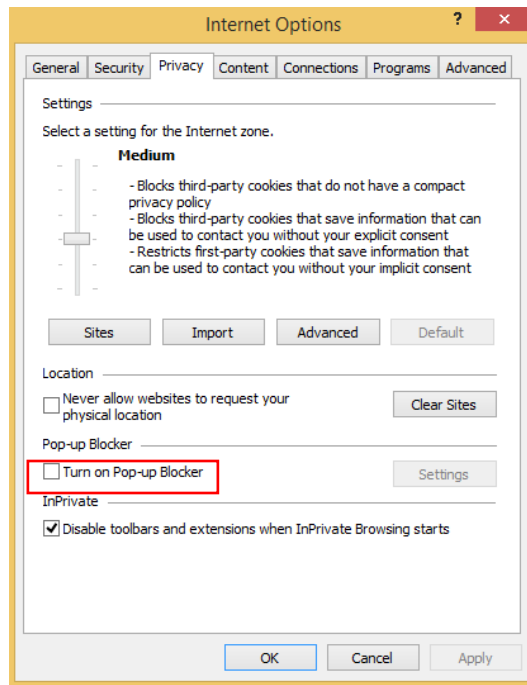

2. The following dialogue box will appear:

Click on the **Privacy** tab.   Make sure Turn on Pop-up Blocker is **NOT SELECTED**.
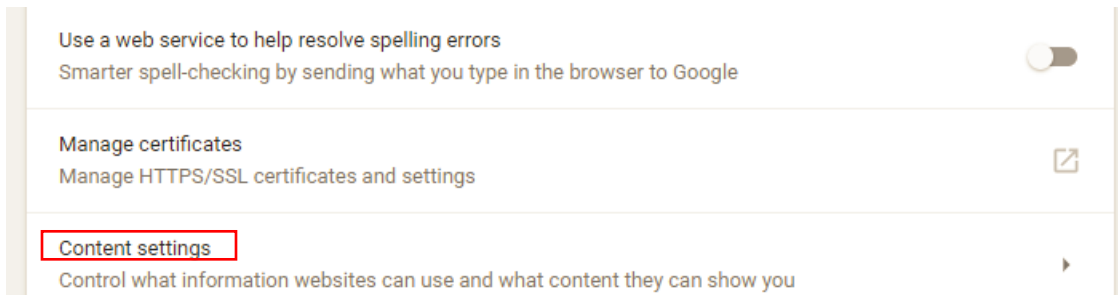

Google Chrome

1. At the top right, click **More** (3 vertical circles). When the dropdown menu appears click **Settings**.

2. In the new menu scroll down and click **Advanced** at the bottom of the page.

   ○ Open a specific page or set of pages

   Advanced ▾

3. Under Privacy and Security click **Content settings**.

   Use a web service to help resolve spelling errors
   Smarter spell-checking by sending what you type in the browser to Google

   Manage certificates
   Manage HTTPS/SSL certificates and settings

   Content settings
   Control what information websites can use and what content they can show you

4. In the new menu click **Popups** at the top and turn the setting to **ALLOWED.**

   ← Popups

   Allowed

   Block   ADD
        No sites added

Firefox

1. Go to the **Menu** icon (three horizontal bars). In the dropdown menu click **Options** (for PC users) and **Preferences** (for Mac users).

2. In the new menu click **Privacy & Security** on the left side.
3. Scroll down to the **Permissions** settings. Make sure that the option Block pop-up windows is **NOT SELECTED**.

Safari

1. Click on the **Safari** tab bar in the upper left corner and choose **Preferences** from the pulldown menu.

2. Click **Security** at the top of the window and make sure the box for Block pop-up windows is **UNCHECKED**.
